Hands on Exhibition

Auckland Museum in association with Beca is proud to present this significant international exhibition displaying 50 models of Leonardo da Vinci's famous machines, each constructed by Florentine artisans and based on Leonardo's famous codices.

The exhibition is comprised of 50 models and is organised around four themes; mechanical, military, hydraulic and flying machines. Each model has been built according to Leonardo's drawings, notes and with materials available in 15th century Italy. The models are accompanied by a facsimile of the relevant drawing with Leonardo's notes and an explanatory text.

Mona Lisa Puzzle.

Which one is the fake? Turn upside down for the answer.
